## AN ADVANCE

Will Be Made In The Wages of Section Hands.

The great scarcity in the number of section hands is causing considerable discussion in railroad circles. Section hands are usually paid \$1.25 a day, and with boarding at \$4 a week, men are not crowding forward at a very fast rate to accept jobs. At present 40 men could find employment on the local divisions.

The matter of increasing wages of section men is now under advisement with the officials of the Erie road, who will no doubt take the initiative step in remedying the difficulty by advancing the price of common work from \$1.25 to \$1.35 and \$1.50 a day. The new scale may go into effect in the near future.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

## RECRUITS.

### Large Number Have Been Sent From Akron.

Excellent Work of the Local Office—Where Stationed.

Merely reading daily notices of one or two men being sent from the local U. S. recruiting office to regular army stations, the public is not apt to realize the real extent of the work being done there, under the excellent administration of the recruiting officer, Ray Turner, but when one realizes that since March 10, recruits to the number of 102 have been accepted from this office, a much better view of the matter will be taken.

Recently, Captain Tillson, of Cleveland, paid to the local office a high compliment regarding the number and physique of the recruits sent from here. About 75 per cent of the whole number of recruits sent from Akron has been accepted.

Men sent from here are located at the following places: Camp Meade, Middleton, Pa.; Fort Riley, Kan.; Fort Presidio, Cal.; Fort Adams, Rhode Island; some with the 2nd artillery in Cuba, and others in the Philippines.

**WANT LATE TO CLASSIFY.**

## RAIDED.

### Officers Broke a Door of Sheffield Block.

Three Women Brought to the Police Station—Fined.

Akron's mastodon policeman, Eugene Murray, with the assistance of Officers McAllister and Nicholas, raided the Sheffield block on Mill st. about 1:30 Thursday morning.

Officer Murray broke in the panel of a door and found three couples in one room. A number of others escaped. Dan Moore, May Witmer, Emma Carter, May Edwards, Nathan G. Dixon and Sam Slavey were corralled and taken to the police station. Nathan G. Dixon and May Edwards were released on \$75 bond.

All except May Edwards were present in police court Thursday morning and pleaded guilty to lewd conduct. Mayor Young fined each \$10 and costs. May Edwards was sick and her case will be heard Friday morning.

Emma Carter is a pretty brunette and attracts much attention on the prisoner's bench.

Continuous complaint has been made about the Sheffield block and the police are determined to rid it of this nuisance.

James McCoy was arrested last evening by Officer Murray for begging. He asked for money in E. Steinbacher's and John Lamparter & Co.'s drug stores. He was given 30 minutes to shake the dust of Akron from his feet. Detective Dunn says McCoy is a professional bum.

Thos. Tobin, drunk, \$2 and costs. He skipped away from the street gang last week under "Father" Taylor. Mayor Young gave him a lecture. Tobin will be sent to the workhouse if he appears in police court inside of six months.

## DISSATISFACTION

### Has Caused a Delay In the Negotiations.

Byron W. Robinson returned from New York city Thursday morning, where he had been in conference with the sewer pipe men for two weeks.

When asked as to the chances of the big Federal Sewer Pipe company going through he said he thought they were favorable, but that he didn't know whether or not it would be perfected. The other sewer pipe men remain in New York.

Dissatisfaction among the stockholders is said to be the only drawback. It may also be that a fight is on for supremacy in the mammoth company.

## THREATENED

### With Arrest For Cruelty to Animals—Dangerous Work.

With a team of horses attached to a scoop-shovel, men are engaged in stripping the soil off a new section of the sand bank on the property of E. F. Pfeiffer, corner of Mill and Summit streets. The horses are driven down the almost perpendicular bank, caused by previous excavations of sand. The height of the bank is about 15 feet, making it dangerous to drive horses down the descent. Thursday morning one of the animals fell and rolled to the bottom of the bank but escaped injury. The workmen, however, were given notice that if more care was not exercised in handling the horses they were liable to arrest for cruelty to animals.

**His Position.**  
"Now, how do you stand on this question?" asked the man who had indulged in a long dissertation.  
"Exactly as I stood years ago, when it first came up," answered Senator Sorghum. "It's been so long that I forget just exactly how I stood, but I haven't changed my mind a bit, sir; not a bit!"—Washington Star.

Some of the cod lines used in the fishing industry measure 7,000 fathoms long, or about eight ordinary miles, having 4,680 hooks, the whole costing, in some cases, \$200 or \$300.
